

## Lab 02

If you have not received Lab02 Specification in your GitHub account, please (re)complete Survey 1—see lec01 slides for instructions—and make sure there is no typos or white space when entering your UtorID and GitHub username. The username is case sensitive.

**Note 1:** there is a required Quiz at end of each lab.

**Note 2:** if you attend Monday evening labs, you should attend Monday evening lectures too. Otherwise, you may be unfamiliar with the lab and/or quiz materials.

**Note 3:** Which lab room you should go to for lab 02? BA3175, BA3185, or BA3195?

You can go to any of these rooms as long as:

- 1) You and your (potential) teammates go to the same room and sit next to each other. Each team is required to have exactly four members.
- 2) Not more than **nine** teams are in the same room. Otherwise students who are not officially enrolled in that lab hour are required to go to their own lab hour.
